NSW DV Awareness Cup
Financial Support

Dear Licensed Venues,

By way of introduction, South Coast Police District and Shoalhaven Liquor Accord, founded the DV Awareness Cup in 2023, a rugby league event held in the South Coast region of NSW to raise awareness and educate students, families, and the community about domestic and family violence.

The annual gala day features a round robin with boys and girls tackle matches (U17s – years 9-11), along with community stalls providing information on support agencies and breaking the cycle of violence. Family members can come along to watch their kids play and can either report DV to support services at the field or gather valuable information, rather than attending a police station. And students learn about coercive control in short, sharp sessions on behavioural red flags in their young relationships, alcohol abstinence in minors and respectful behaviours.

Collaborations with the NRL St George Illawarra Dragons, community organisations, and licensed venues are integral to the event's success in engaging young people and fostering community unity.

The Cup in the South Coast region is scheduled for mid-2026 and with three years of successful events behind them, this is an impressive blueprint model that the police at Crime Prevention Command are replicating with a view to expanding the gala day to the St George area in:

Term 2 Week 4 – Thursday 14 May 2026

The gala day will be held at Todd Park, Blakehurst, is limited to six schools in your area, and with your financial assistance, will be at no cost to the schools involved:

- ✓ Blakehurst High School
- ✓ Bayside High School
- ✓ Georges River College, Hurstville
- ✓ Georges River College, Peakhurst
- ✓ Kingsgrove High School
- ✓ Kogarah High School

We need your help in paying for each school's jerseys, transport of students, trophies and medals, and field hire.

We are excited about creating safer homes, stronger communities, and positive pathways for young people while fostering safe avenues for engagement and support through the strong collaboration with the liquor accords, local licensed venues, St George Illawarra Dragons, and local support services.
